2. Group Meetings
3. Brainstorming!

# Project Logistics

- ▶ Goal is to build a complete system *from scratch*
- ▶ There will be **two** phases:
  - ▶ Beta, due next Wednesday (4/17)
  - ▶ Final, due a week after (4/24)
- ▶ Evaluation:
  - ▶ Demos in section Wednesday of due date
  - ▶ Short writeup for each phase due Thursday (the day after the due dates)
  - ▶ Only one slip day allowed for each assignment

# Groupwork

We will come around to chat with each group about their team dynamics. Make sure to settle different roles in a team, for example (but not limited to) having a

- ▶ Coordinator
- ▶ Monitor
- ▶ Checker

# Groupwork

Here are some potential situations to consider when writing a new Team Expectations Agreement:

- ▶ What if one team member wants to write all the code?
- ▶ What if one team member is persistently late to scheduled meetings?
- ▶ What if one member feels less prepared than their teammates?
